A more extensive menu is available via MunchMonitors
Café @ the Creek Menu  2017

Canteen Orders

Our canteen uses MunchMonitors, an online ordering system that is available to all families at Mawson Lakes School. Login & set up details are available on SkoolBag & on the school web page.  www.mawsonlakes.sa.edu.au

Families that prefer not to use MunchMonitors to order lunches will need to go directly to the canteen each morning to place their order. We do not have facilities to deliver orders from classrooms to the canteen. The Canteen offers a restricted & more expensive menu than the one available on MunchMonitors. All orders handed in to the canteen need to be paid for on the day – accounts are not available. Emergency lunches will be supplied to students needing lunch but who don’t have money (see Emergency Sandwiches below)

While we make every effort to give students their exact order, occasionally we will run out of some items from the menu. In this case we will replace the order with a similar item. If an order is placed for an item not available on that day, the order will be replaced with a cheese sandwich. Students are not left without lunch (School Policy) & refunds will not be given except where a replacement is inappropriate due to allergies. (Allergies must be registered with the school for the canteen to give refunds)

Parents needing to order over the phone will only have the option of a cheese or vegemite sandwich, unless they have a MunchMonitor account, then orders can be added to their account up until 10am. Students missing all money from their order will be given a cheese sandwich at the cost of $2.00 each.

Emergency Sandwiches: There is a cost of $2 for emergency lunches. These are only given out with a written request from the teacher. Only cheese or vegemite sandwiches are available.

It is the responsibility of parents/guardians of students who have placed a lunch order and need to leave early to contact the canteen and cancel the order. Refunds will not be given once the order has been placed in the class lunch box.

The canteen only has a small amount of change available so are unable to provide change to parents who come into the canteen in person to place orders.

All menus & information relevant to the canteen is on SkoolBag. Please do not ask for paper copies of the menu unless you do not have access to the internet!

Please note this menu has:  V – Vegetarian & GF – Gluten Free notations for foods that fall into those categories.

Sam Merritt, Canteen Manager
