VACATION CARE

Reminder our vacation care program comes out on week 4, Friday the 24th of May. Make sure you secure your booking. Spots fill quickly.

MAKE A WISH FOUNDATION

Drawing inspiration from the educators and children's suggestions, Lorin included an "OSHC Carnival Day" to the April Vacation Care Program. The children and young people then enquired about the possibility of using the day to raise money. The service took the idea on board and at the following Kids Club we looked into four charities that we felt would be the most relatable and appealing to us. Children cast blind votes, and the Make a Wish Foundation was chosen as the winner. Our service went on to host the "OSHC Carnival Day" as part of the vacation care program. Fun arcade games, lucky dip, crafts, go-karts, guess the number of lollies in the jar, and more were provided on the given day.

The foundation for children in need received a direct donation of the day's proceeds.

In total, we raised \$960 for the charity through our service.

Make-A-Wish creates life-changing wishes for children with critical illnesses. Their mission is to grant the wish of every eligible child – a quest sparked by the belief that a wish is integral to a child's treatment.

CANCELLATION POLICY

Just a reminder to new and existing families that any cancellation needs to be made one week prior for your account not to be charged.

RECONCILIATION WEEK

Week five is Reconciliation Week, as a service we strive to embed and provide learning opportunities for children and young people to broaden their understanding of Aboriginal and Torres Strait Islander perspectives.

Please see our wall displays on our continuous learning.
